14. Whether AQAR was placed before statutory body ?

Yes

| Name of Statutory Body | Meeting Date |
|---|--|
| Governing Body | 07-Apr-2020 |
| 15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning ? | Yes |
| Date of Visit | 31-Jan-2020 |
| I6. Whether institutional data submitted to AISHE: | Yes |
| ear of Submission | 2020 |
| Date of Submission | 19-Mar-2020 |
| 7. Does the Institution have Management nformation System ? | Yes |
| f yes, give a brief descripiton and a list of modules currently operational (maximum 500 words) | St. Xavier's College uses information technology(IT) for classroom and online teaching, for storing, retrieving data and sending information to its students, staff, alumni, parents and University. The use of information IT helped the overall development of the college. At the initial stages main usage of it was for improving the efficiency of the college, used to store the personal data of students and staff. It focused on data entry and data collection. The institution has recognized the importance of management information system (MIS) during integration stages. MIS in the college administration has helped the administration to have better accessibility to information higher utilization of college resources, reduction in workload, better time management and improvement in quality of various reports. The college MIS provides the needed information for better planning, policy making and evaluation. MIS have transformed the college management, improved the communication skills. MIS assists the |

head of the institution in determining the aims and objectives, formulating strategic plans with the help of the core administrative team, distribution of resources and works and evaluating staff performance as well as organizational achievements and failures. IT facilities are used for online admission, online registration of students in the university, online conduction of unit tests, internal examinations, online conduction of competitions like drawing, painting, essay writing. Students and staff are well connected through departmental groups, teaching and non teaching staff Whatsaap groups. Phone numbers and email id of every staff and student is available in the office computers. Emails are sent to the staff and students for timely dissemination of information. Online submission of affiliation, minority status, UGC recognition and post creation files are submitted online to the affiliating university and the higher education department. Online teaching and learning has become the new normal for imparting education. Ebooks are downloaded for staff and students. Computers are set up in the library with WiFi connection for staff and students. Webinars and workshops are conducted to enhance the teaching learning. The goal of converting the college office into a paperless office is almost achieved as 80 of the works are done online. The library of the college is automated that helps students to collect books easily. We have 45 computers, 5 Over Head LCD Projectors, 6 Laptops, Video Cameras, CDs, Printers, Scanners, Xerox Machines, well equipped Computer Labs, etc. We have WiFi facilities in the college. Students and teachers get the benefit of it. The following systems are fully functional in the Institute: • Biometric Attendance System for Staff • Institutional email system and Whatsapp groups. • Storage and information retrieval has become convenient and easy. • Financial accounting through Tally system • Google Classroom online teaching • Scholarship modules • Publications in eversion. Apart from all these the students are encouraged to develop

econtents through videography in their learning process. The latest news, updates and information is provided to various stakeholders through website, Whatapp, facebook and other social media platforms.

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

St Xavier's College Mahuadanr is committed to effectively delivering the curriculum of Nilamber Pitanber University. The Principal, the Heads of Departments, the faculty members, the various committees of the college, the students, the guardians, the alumni/alumnae and several others play a dedicated role in this huge responsibility. If the university makes any modification in the curriculum the college is informed of it and the college takes the needed action. Effective curriculum delivery through the following systematic and transparent mechanism: Academic Calendar: ? The academic calendar is prepared by the Academic Council. ? The Principal monitors its planning and implementation through meetings with the Heads of Departments and faculty members. ? The twelve departments, each with its Head, look after proper implementation of the academic plan. ? Proper division of syllabus and workload among the staff, planning for assignments and unit tests etc. are done with the help of department meetings. When needed extra classes are arranged. ? Review of completed syllabus is also done. Time Table ? The timetable committee prepares a uniform timetable for all departments at the beginning of the academic year. It is displayed on the central notice board and in the departments. ? The committee may make minor changes according to need. Teaching plan: ? Faculty member prepare effective lesson plans at the beginning of the academic year. The plans are used in the actual teaching and the needed modifications are made. ? The Department Heads conduct periodic assessment of curriculum delivery and it is made use of for improving the quality of teaching. ? Extra classes and practical works are arranged on the basis of the assessment. Teaching Aids and Teaching Method for effective curriculum delivery ? Teaching aids like maps, charts, specimens, computer, projector, internet, audio-visual aids, notes, question banks, WhatsApp, YouTube etc. are widely used to improve the effectiveness of teaching. ? Teaching methods like groupdiscussion, class tests, assignments, quiz, case study, educational field trips and tours are made use of. ? Through group projects team spirit is inculcated. Teacher Support ? Orientation programs are conducted for new teachers and new students. ? The teachers update themselves by attending workshops, seminars etc. Laboratories ? The college has well equipped laboratories and their optimum use is strongly promoted. Feedbacks ? Using feedbacks from teachers, students, parents and alumni/alumnae the strength is enhanced and weakness remedied. ? The slow and advanced learners are helped adequately with formative assessment. ? Internal tests, group-discussions, assignments and university examinations are also used for the improvement of the students. ? The advanced learners get help to progress further and the slow learners get remedial classes. Features of educational system of St. Xavier's College • Semester system. • Choice based credit system. • Flexible structure for choosing subjects. • Discussion on the prescribed syllabus. • Effective lesson plan. • Continual and internal evaluation. • Feedbacks.

seriously considered and appropriate action is taken. The feedback helps the Institution to analyse whether the staff have completed the prescribed syllabus, given assignments, arranged seminar topics and made alternate arrangements for classes when somebody is on leave. The feedback taken by stakeholders is given to each faculty of the respective department by the Principal after being collated, statistically analyzed for quality enhancement. A self-appraisal report of every faculty is prepared by the Principal of the Institution. The Principal intervenes and addresses possible areas of improvement. He also evaluates these with each faculty motivating him/her to look at the specific areas where growth is needed. Efforts are made to motivate stakeholders to give feedback sincerely. Faculty feedback from the students for the respective course is taken on various teaching-learning aspects and it is analysed by the HoDs. The HoDs convene a meeting with faculty members of their discipline. The data from the feedback is examined and discussed. The members of the department together arrive at ways of dealing with issues that emerge in the survey. The faculty meets the Principal, apprises him of these matters and they propose steps to implement Course-exit feedback is taken to analyse the understanding capability of the students. The feedback so obtained is analysed for further improvement. Feedback from the parents about administration, academics, and facilities is taken by interacting with them during Parent-Teachers Meet. Feedback from alumni is taken for suggestions or improvements in the curriculum. Feedback from the final year students is taken for their suggestions in improving the curriculum and it is conveyed to the Chairman, Governing Body of the institution. Thus the college follows a continuous review system of the curriculum. The management also conducts seminars/webinars and workshops in every academic year. Teachers participating in these workshops, communicate their grievances/ suggestions to the authorities. Majority of stakeholders were satisfied with the changes in curriculum. There is a formal feedback mechanism in the institution to obtain feedback from stakeholders on a regular basis.

CRITERION II – TEACHING- LEARNING AND EVALUATION

2.1 – Student Enrolment and Profile

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The college has initiated reforms on Continuous Internal Evaluation (CIE) in accordance with the norms and guidelines of Nilamber Pitamber University, Latehar, Jharkhand. The examination committee, time table committee and academic council take care of the conduction of examinations on time. The college has a well set pattern for continuous internal evaluation. The guidelines and methods of evaluation allow the college to ensure the timely understanding of the subjects that are taught in the college. Students are given the syllabus in detail at the beginning of the academic year. Regular class tests are taken after the completion of each unit of the syllabus. Teachers take up important questions to discuss in detail University model exams are conducted to make students more confident before appearing for their university exams. Internal Assessment helps to track their progress of the students and to identify slow and advanced learners. Students are evaluated in theory and practical examinations. Impartial and accurate assessment is done. The college conducts monthly tests, unit tests, mid-semester and end-semester examinations which help the students to perform better. The college also motivates the students to participate in various seminars and workshops conducted in the college. The examination committee prepares the examination schedule and it is communicated to the students on the central notice board, besides, concerned teachers make announcements in the classrooms. The benchmark of the evaluation includes attendance, tutorials, practicals, field projects, research projects, assignments/seminars/oral presentations and the score secured in the internal tests. All the teachers of concerned subjects submit a

set of question papers to the examination committee. The question papers for the internal examination are prepared in a uniform pattern and as per the guidelines of the University. The exam is conducted on a common schedule and supervised by the professors. The syllabus for the internal examination is communicated to the students in advance by the concerned subject teacher. The answer sheets are shown to students after evaluation for their information which provides transparency and accountability in the evaluation process. Student' grievances are taken care of and are redressed in a timely manner with suggestions for improvement. Online internal marks are submitted to the university through teacher's login accounts on the university internal examination portal. The college has appointed internal squad for the prevention of malpractices in the internal examination. Marks lists of the students are prepared after the evaluation and documented for the further clarification. The progress of the students is communicated to their parents to make them aware of the academic performance of their children which in turn help the students to become more responsible and competent in their studies. The students are also assessed by different academic programs like essay writing, quiz test, speech and current affairs competitions. Group discussion, field work, excursion, study tour and project work also graded according to their performance.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

St. Xavier's College, Mahuadanr prepares its academic calendar, based on the Nilamber-Pitamber University's holiday calendar to which it has been affiliated. The College takes utmost care in planning and organizing the academic activities of the college. Towards the closure of every scholastic year, the academic calendar for the forthcoming academic year is planned and drafted in consultation with all the Heads of the Departments (HoDs). It is finalized at the beginning of each year after a meeting of the Principal with IQAC, HoDs, coordinators, academic council, time-table committee and examination committee. The academic calendar is approved in the academic council. The academic calendar contains academic activities, curricular and cocurricular activities, division of syllabus, dates of unit tests, Continuous Internal Evaluation, (CIE) university model examination, completion of assignment dates etc. Program-wise academic calendar is prepared specifically earmarking the semester-wise schedules. It also contains the number of working days duly taking the national public holidays, festival breaks, and summer vacation, in addition to training programs, and placement activities into cognizance. Formative and summative assessment schedules, continuous and midsemester and end-semester examinations are conducted including laboratory and project works. It also contains Training and Placement schedules, skill personality development sessions, placement and training. Relevant schedules are prepared for the above and average adherence scale for the last five years is 100. The academic calendar after finalization is uploaded in the college website and communicated to all the relevant functionaries for adherence. The same in a print format is also distributed to the faculty members and the students. The HoD of each department ensures that the course and lesson plan is strictly followed. All the faculty members draft their teaching plan based on the said working days as mentioned in the calendar. Every course is expected to have a detailed plan on the schedule of assignments, class tests/unit tests and other academic components. The college strictly adheres to the academic calendar without prejudice, except at unforeseen circumstances, to the overall deadlines. The academic calendar helps to coordinate the academic activities throughout the year and for the well functioning of the Institute. If the university changes its schedule and postpones the examination, then the institute changes the schedule of model examination alone, to facilitate better examination preparation for the students. Sometimes, classes are lost due to unforeseen events. Institute makes up for these lost days, so that the schedule

2.6 – Student Performance and Learning Outcomes

4.4 – Maintenance of Campus Infrastructure

4.4.1 – Expenditure incurred on maintenance of physical facilities and academic support facilities, excluding salary component, during the year

| Assigned Budget on academic facilities | Expenditure incurred on maintenance of academic facilities | Assigned budget on physical facilities | Expenditure incurredon maintenance of physical facilites |
|--|--|--|--|
| 8.55 | 8.55 | 21.6 | 21.6 |

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

The institution has the structured system for maintaining and utilizing the facilities available. Classroom and Sports facility Maintenance Regular maintenance of the play area is conducted under the supervision of faculty sports coordinator. The playground and Badminton courts are well maintained by the workers. The old and obsolete sports equipments are replaced with new ones when required. The current established systems in the field of physical, academic and support facilities are adequate in our college. Regular inspection, maintenance of the furniture and classroom equipments is done on a regular basis. The maintenance and upkeep of the infrastructure facilities are carried out with the support of the college staff members. The students cooperate in the responsibility of maintenance. We make the students familiar with our college working program. Repair and maintenance of the building and its furniture is done at regular intervals. The supportive staff maintains cleanliness of the college and classrooms. Students are sensitized regarding cleanliness and motivated for energy conservation by careful use of electricity in classrooms. We spread awareness about energy conservation through NSS. There are technicians, masons, plumbers and carpenters deputed by management who ensure the maintenance of classrooms and related infrastructure. We encourage our students to actively look for the conservation and preservation of our college classrooms. Laboratory maintenance Regular maintenance and periodical inspections ensure safe electrical and chemical equipments in the Science laboratories. Lab assistants and electricians inspect the instruments regularly for effective functioning of the equipments and for ensuring safety. In the Physics lab, electronic equipments are protected through voltage stabilizers. Chemical substances and acids in Chemistry department are maintained as per approved norms. Faculty and Staff in-charge of the maintenance of every department check if the equipments of the laboratory and department are wellmaintained and well-protected. Computer lab equipments such as computers, printers and projectors are constantly monitored by the lab technicians who take immediate steps to replace the non-working gadgets. IT Maintenance The maintenance of computer, internet, installation of software and up gradation of hardware is done time to time. Our college take help of experts for maintenance and repairs of computers and also for up gradation of our college website. This maintenance and up gradation is done time to time. Library maintenance There is regular stock verification process carried out periodically. All the torn and old books which cannot be used for circulation are kept separately. The files relevant to Library services are well maintained and labeled for easy access to any of the Library staff. Because of the strict vigilance from library staff and the security personal, the percentage of loss from the library is negligible.

5.3.2 – Activity of Student Council & amp; representation of students on academic & amp; administrative bodies/committees of the institution (maximum 500 words)

Student's Council is set up as per the norms and meetings are held at regular intervals. It consists of the elected students from different departments of the college. Students are also members of various statutory bodies/committees of the college. They help in coordinating different cultural events, and help the college in its smooth running of curricular, and extra- curricular activities. Students' suggestions are seriously considered and implemented to upgrade the image of the college in the society. Administrative Level Participation - Students are actively involved in the statutory committees like IQAC, YRC, Eco-Club, AICUF, Grievance Redressal Committee etc. In Student Induction Program (orientation program), they are informed about the functioning of the HEI and their role. The college makes the students aware of the fact that every opportunity will be provided to develop their overall personality. Students participate at various administrative level committees. Students' Council plays very significant role by providing proper feedback of the students, staff as well as the college management. The process of admission, filling up and submission of exam forms, scholarship forms is smoothly conducted in student friendly environment. Co-curricular and Extracurricular Activity Participation - Student leaders and members of

different bodies actively participate in cultural activities, outreach programs guided excursion and various other co-curricular activities of the college. Members of NSS, YRC, take the lead to conduct outreach programs in the villages to help the neighboring villagers. It's an opportunity for them to give back something to their institute and society. Planning and execution of the NSS camp is one of the best examples of student's involvement in providing service to the people. Similarly AICUF is another example of students' representation in the college and service to the society. AICUF members promote charitable works. With the help of Students' council, sports and cultural events, competitions are organized in the college, tree plantations carried out in the college premises and also in the villages. The college has conducted some activities in collaboration with local Government hospital for the welfare of villagers like conducting blood tests to find out th blood groups, and find out the hemoglobin level. These activities are made possible mainly because of the free representation and participation of our students as well as their family members.

5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

Yes

The college has established its alumni association in 2017 after the first and second batches passed out of the college. Their names, phone numbers, addresses are well documented in the college at the time of joining the alumni association of the college. This helps to keep up contacts with the. The college organizes at least two alumni meeting in a year, the local and outsider alumni take initiative for arranging such meetings. Two of our teachers are the members of the alumni association who play a key-role in binding this group for the development of the college and works for the overall development of students. It helps our institution in terms of academic planning, internship, placements of students, career guidance and on-the-job guidance in their firms also. They also guide the present students in guiding them in academic studies by sharing their experiences. They also extend their helping hands in organizing various cultural events, conducting youth festivals. Their feed-back is valuable for the administration of the college. The college uses its website and other social media for fruitful communications with the alumni. Most of the alumni members are still students therefore their financial supports are very much limited. Alumni members come to the college library for study purposes.

5.4.2 – No. of enrolled Alumni:

222

5.4.3 - Alumni contribution during the year (in Rupees) :

4300

5.4.4 - Meetings/activities organized by Alumni Association :

St. Xavier's College, Mahuadanr has created an engaged, supportive alumni network which is crucial for the success of the college. A continuous association with Alumni gets them engaged with the institution through regular Alumni committee meetings. Promotion of the College was done by the Alumni through their visit to the neighbouring Schools in the first week of July 2019. A session on Soft Skill and Personality was conducted for the freshers of the College on 1st of August 2019. A workshop on Carrier Guidance was conducted for the IIIrd year students of 2017-2020 batch on 15th December 2019. A mentoring session for the various departments of Science was coducted by the Alumni on 19th January 2020. Alumni interaction session was done for the students of our College to interact with the Alumni to be motivated to excel in academics and

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

St.Xavier's College Mahuadanr functions in a well-structured and well-defined manner to ensure decentralization and participative management at all levels of decision making. The Principal is the administrative and academic Head of the College, followed by the Vice-principals and the Heads of the Departments. The Vice-principals have been delegated the responsibility of monitoring the general discipline of the College. The Heads of the Departments have been entrusted with the responsibility of achieving academic excellence in their Departments through their integrated effort of completing the syllabus on time, conducting CIE on completion of each unit, conducting practical exams, submission of the mark lists to the office etc. The Institute, thus, has a mechanism for delegating authority and providing operational autonomy to the various functionaries to work towards decentralized governance system. 1. Principal Level : The Governing Body delegates all the academic and operational decisions based on policy to the IQAC and Academic Council headed by the Principal in order to fulfil the vision and mission of the institute. IQAC in consultation with the Academic Council (Academic Monitoring Committee) formulates common working procedures and entrusts the implementation with the faculty members. 2. Faculty Level : Faculty members are given representation in various abilities. They are encouraged to develop leadership skills by being in charge of various academic, co-curricular, and extracurricular activities. They are given authority to conduct industrial tours and to have tie-up with industry experts and are appointed as coordinators and conveners for organizing seminars/workshops/conferences/FDPs. Other units of the institute like sports, library, store etc. have operational autonomy under the guidance of the various committees/cells. Various Committees like IQAC, AICUF committee, YRC, Eco-club, NSS etc. are working together for the efficient functioning of the Institution. 3.Student level: Each batch of students has a Class Representative and a College Head Girl and a Head boy. They are given the responsibility to work as a link between the administration and the students. They see to the discipline of their classes, problems faced by the fellow students and participation of students in the curricular and co-curricular activities. Participative Management The college authorities regularly undertake the review of the working of the college in the Executive council meeting and the working committee meeting and the required guidance and directives are issued through these meetings. The overall priority of the college is regular classroom teaching, timely completion of the syllabus, guidance for better performance in the examination and providing the best possible teaching learning environment. This is reviewed and ensured with the help of regular department level meetings and periodic staff meeting conducted by the principal. The College administration plays an integral role, leading the institution towards perfection and ensure the development and implementation of policies, programs, and initiative. The college provides the opportunities to all the participating bodies in its decision-making process, in the administrative and academic practices.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

| Stratagy Type | Details | | | | |
|--------------------------------------|---|--|--|--|--|
| Strategy Type | | | | | |
| Admission of Students | The Academic council of the Nilamb Ptamber University, of which our Principal is a member, prepares the syllabus and the curriculum for the affiliated colleges, including ours Additionally our college has introduc 04 Certificate Courses this year. Issues relevant to gender, environme and sustainability, human values an value-added courses and Professiona Ethics have been incorporated into t Curriculum. Besides this, Academic council in consultation with other committees prepares the annual calence and directs to conduct the examination on time. Academic mentoring of studer done in our college is an integral pa of our curriculum. | | | | |
| | | | | | |
| Industry Interaction / Collaboration | The College has always aimed at effective curriculum delivery through well-planned and documented teaching learning process, which has receive new impetus since the introduction of the new Choice Based Credit System fr 2018. Teaching plans are based on a academic calendar. These get regular checked and verified according to syllabus. Examinations are conducte according to the scheme given by th Nilamber-Pitamber university. Our teaching-learning methodology includ class room lectures, brainstorming sessions, presentations, quizzes, inquiry learning, hands on activitie multimedia, ICT etc. The slow learne are helped effectively with the Mentoring system. | | | | |
| Human Resource Management | The College follows the CIE system (continuous internal evaluation) to track the academic growth of the students. Mid-Semester exams and University Model exams are conducted regular intervals and University Fin Exams are held with great diligence Class presentations, project works, assignments and class tests form oth modes of evaluation for academic growth. Answer papers, after evaluation, are returned to the students, explaining mistakes and giving suggestions for improvement. Besides, Departmental celebrations of days related to respective subjects a | | | | |

| | competitions. Any grievance regarding the examination is addressed adequately within a short time. |
|---|---|
| Library, ICT and Physical Infrastructure / Instrumentation | Though the college is only an undergraduate institution, research has been regarded as an important integral part of its academic endeavour. Many seminars and workshops are organized by the college to provide expert information on research methodology. The college promotes faculty participation helping them in participation of faculty improvement programmes. The College gives importance to strengthening research departments and focusing on specialized research leading to patents, publications and developing in research by granting them leave, providing resource materials and scientific temper and research culture and aptitude among students. |
| Research and Development | The library is the central hub of the college, well-equipped to facilitate the teaching, learning and research programmes. The staff and the students visit the library frequently for reference, study and research. It has a Wi-fi connection for the staff and the students. The teachers are encouraged to use Power point presentation in the class. There are ICT enabled class rooms for teaching purpose. Separate Department rooms are available for effective functioning of teaching- learning. Lab materials are purchased according to the requirements of the departments. |
| Examination and Evaluation | The student being the prime human resource, the college strives to develop them through various activities like academic excellence, N.S.S., N.C.C.and Social Cultural activities etc. The College has always encouraged its faculty members to attend orientation programmes, refresher courses, FDPs and major/minor research projects to get updated. Two of our faculty have registered themselves for PhD. The newly joined faculty members are encouraged to register for PhD. Our faculty has been resource persons to different Colleges. Workshop on the use of e-resources was conducted. Professors are encouraged to present papers on national and international seminars. |

| Teaching and Learning | Experts from commercial agencies are invited for career counselling. The college departments organize educational trips for students, providing them excellent exposure to the various dimensions of the industrial world. Several national and international industrial experts are invited to deliver lectures in conferences and seminars on relevant topics and to interact with staff and students to enhance their collaborations with different industries, thus improving their job opportunities. Our collaboration with industrial and commercial institutions is still at the initial stage. However, the college is on the process of |
|------------------------|--|
| | establishing closer and longer industrial collaboration and interaction. |
| Curriculum Development | The Admission Committee, comprising of Principal, Vice-Principal and HOD's plans well for smooth and effective admission process. The admission policy of the Nilamber-Pitamber University is followed. Flex and banner advertisements for admissions to B.A., B. Com., and B. Sc. programs are used. The Professors meet the prospective applicants and encourage them to join our college for quality education, deep subject knowledge, all round formation and development of skills. Admissions are done on merit basis. Manual as well as on-line systems are followed. The admission committee's interaction with the students is an important feature of our procedure. |

| E-governace area | Details |

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

Use of Renewable Energy, Organic Farming, Waste water recycling Rain water harvesting Campus cleaning in regular basis and making plastic free. Best out of waste Awareness programmes on pollution free environment Awareness programme on save water and energy Distribution of potted plants. Planting useful plants in the campus and Botanical garden, Researches on eco-friendly innovations.

7.2 – Best Practices

7.2.1 - Describe at least two institutional best practices

Best Practice-1 Title of Practice : Recognition of good works of the students, staff and non-teaching staff in Award ceremony Objective of the Practice: The Award ceremony is organized with a view to recognize the special achievement or the excellent performance of the students and the staff publically by honoring them with awards. They feel that their work is valued. Recognition motivates others also to strive for excellence. This is an excellent means to obtain optimal all round performance of the students and the faculty. The Context : The Institution believes that a motivated member can play a significant role in the success of the functioning of the Institution. When a staff or a student is motivated to work at high levels of their skills and abilities, the institution as a whole runs more efficiently in achieving its objectives and groups. The students who are admitted to various undergraduate courses come from different backgrounds. They don't have a very conducive atmosphere in their home for intellectual development. Most of the students come from rural area wherein grazing of cattle and farming are the means of livelihood in which students extend their hand. By organizing Award ceremony, the institution encourages the students and others to bring out their hidden talents and intellectual acumen so that they can be part of the elite group. The Practice: The students who have done well and have topped the College and University are given special

award and Certificates of achievements by the Chief Guest in the presence of their parents , guardians, students and other faculty members during the Award Ceremony . The parents of the Toppers are specially honored by the Principal with special bouquets. The photos of the Toppers are displayed on the college Notice board. The achievements of the students in co-curricular and extracurricular activities are also highlighted on this occasion by presenting them with medals and certificates. The contribution of the students in different committees is acknowledged and the students are awarded for their best contribution to the respective committees such as NSS, Cultural, Sports, NCC, Youth Red Cross and AICUF. The students with 100 attendance are also congratulated and honored. There is also a special tea-party arranged for the Toppers along with their parents in the presence of the Principal and the Administrative Council of the College. The Faculty members are awarded for their paper presentation in the National and international seminars. The Assistant Professors who have completed their Ph.D are also awarded on this occasion. Evidence of Success: The overall performance of the students has improved in academic as well as co-curricular activities. The number of students qualified for the award Ceremony has increased as there is healthy competition among the students. The students with poor attendance aimed to attend all the classes. The number of participants in the co-curricular and extra-curricular activities increased significantly. More students came forward with innovative ideas and ready will to contribute for the functioning of their respective committees. A few alumni who are contributing to the Society as motivated teaches are: Niraj Kumar: As High School Chemistry Teacher in St.Xavier's Academy, Rampur. Aaliya Naadim: As Assistant Professor in the Department of Mathematics in our own institution. Irshad Ahmed: As High School Physics Teacher in St.Michel School , Sale. Punita: As High School Physics Teacher in St.Xavirs'Academy , Latehar. Problems encountered and Resources Required As the College is situated in a rural area with poor economic background and less developmental edifice all around, the students aren't properly motivated to excel in intellectual sphere. Job opportunities are very rare in this locality. The families depend fully on farming and raring of cattle for which manpower is unavoidable as agriculture is not modernized here. Hence at times the guardians encourage the students to remain at home to support the family in their work. Irregularity in the Classes causes loss of interest in their study. The regular visit of the faculty to the homes of the students can bring about a change in the mentality of the people. Lack of finance is another problem encountered by the Institution. If the number of students enrolling the college increases, then the college can be self sufficient and can make extensive programmes for valedictory functions and attractive Prizes can be given out. The main thrust must be that the students feel that they are privileged and their work is valued. Best Practice-2 Title of the Practice: Value Education Objective of the Practice: To impart universal values of patience, honesty, hard work, dedication, self appreciation, love for creation, concern for poor, sincerity, social- environmental and ethical sensitivity. The Context The present scenario of the world shows that there is a rise in discrimination, abuse of power, greed, intolerance, corruption and a total eradication of moral and spiritual values. Most of our students are from rural areas and the parents are illiterate. In some cases, the father of the family is away from home in Service as BSF or Army Personal. The youth is left alone at home with a compassionate mother. So they easily become prey to peer pressure. The students have easy access to Smartphone with internet facility which they do not use effectively and efficiently. Certain socially accepted practice of the tribal community such as use of home-made medicinal drinks is taken excessively by students. Hence they become disoriented and stray from the true path. It is a matter of great concern to educate the modern youth in values that they have a sense of right and wrong and always have the courage to uphold the moral, spiritual and social values. The Practice The practice

consists of enhancing knowledge of values with campus instruction on Personality development, Citizenship education, responsible use of media, the adverse effect of drugs and the commitment to the universe. Students are exposed to realities in the world of deprivation during field visits. The combination of the two is expected to generate motivation for service and dedication to the society. Weekly value education classes, guest speakers and interaction with non-governmental organizations have been introduced. Students are divided into small groups of 8/10 each. They are given a particular topic regarding current issues such as rise in discrimination, injustice practiced by the locality, use of media etc. The students after having discussion in their groups come out with solutions to curb and eradicate these evil in the society. In their field visits they conscientise the society regarding the values. Evidence of Success Students have become aware of the urgent need of living an upright life. They have become aware of their duty as responsible citizens of the country. They have become compassionate, understanding and supportive to the disadvantaged groups of the society. Students use the media effectively and use it as a learning tool. Problems encountered and Resources required Youth look for role-models in their vicinity. As educated people from the locality get settled in big cities, youth have no one to look up to in their own surroundings. Immediate benefits and short cuts are sought by the students. There is also the problem of transport for field visit, willing staff and some funds.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

http://www.sxcm.co.in/agarbestpractice20192020.php

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

St. Xavier's College, Mahuadanr the only higher-educational institution in 100 km's vicinity was established in 2011 to impart higher education primarily to the indigenous and underprivileged students. However, the college follows the principle of inclusiveness and admits all students irrespective of caste, creed, gender and economic disparities. Along with higher education the students are given opportunities to interact with communities around, a platform is created for students to develop humanitarian values of compassion, justice and peace for their holistic development. It carefully assesses the strengths, weaknesses of each student and provides the best education for their integral growth. The college runs three under-graduate courses in Arts, Commerce and Science with 13 programs. It is making every effort and transforms the students through regular classes, courses, seminars, project works and extra-curricular activities. The College is affiliated to Nilamber-Pitamber University, and systematically follows its syllabus. For effective delivery of the curriculum, Internal Quality Assurance Cell prepares day-today academic calendar and implements the same. In addition to this curriculum, concentration is given for some cross cutting issues. Students-centric methods like experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences. Program out-comes, program specific-outcomes and course-outcomes are stated and displayed in the college website and communicated to teachers and students. To further enhance the knowledge, the college offers enrichment courses, Bridge-courses, subject specific add-on courses like environmental, gender, disaster management studies and human values and professional ethics. The college promotes research for this purpose organizes international, national, inter-departmental seminars teachers and students present their papers. Some of these research papers are published in newspapers. The college has a research cell that promotes and

guides research activities of the students and staff. Gender sensitivity is taken care of by providing safe, secured atmosphere to the girls in the campus. The eco-club promotes eco-sensitivity. It has adopted effective measures for environmental consciousness there is a solid waste management. Rain water harvesting has been done effectively. The students' union conducts competitions and cultural programs to promote talents and creativity in students. In-order to promote national service, the NSS unit organizes outreach programs, camps, in the neighboring communities, on cleanliness, education of their children especially girls, safe drinking water, different sicknesses, abortion and alcoholism. The college celebrates the birth/death anniversaries of national heroes like Mahatma Gandhi, Subhash Chandra Bose, Swami Vivekananda, Bhagat Singh, etc. to promote patriotism. Value added course is conducted to promote patriotism and nationalism. The college has a placement cell that guides the students to find jobs. Some students have registered their names with Jivitam, a placement agency. The cultural club organizes different cultural events that not only promotes different cultures but exhibit the talents of students and bring out the rich cultural heritage of India. It spreads the message of 'unity in diversity'. The college visualizes that its students become true patriots and nation builders. The college has fulfilled some of its vision-mission by providing higher education to the neediest students otherwise they would have been deprived of higher-education.

Provide the weblink of the institution

8. Future Plans of Actions for Next Academic Year

1. In order to implement some of the directives of the new education policy like transforming the college into a multidisciplinary Higher-Educational Institution by introducing B.Ed. course. 2. As the number of admissions remains the top priority more advertisements and all out efforts will be made to attract the maximum number of students. 3. CCTV cameras to be fixed in the college and its campus. 4. MoU's to be signed between the college and national and international Higher Educational Institutions. 5. More smart class rooms to be made available for offline as well as online teaching and learning. 6. To ensure fair access to and affordability of academic program for various sections of society. 7. Plantation of more tree plants to make the campus more environmental friendly. 8. To introduce mushroom cultivation training as part of skill development program. 9. To conduct parents-teachers-students meeting offline and online for updating and enhancing performances of the students. 10. To create and set aside a research fund for research activities. 11. To build an auditorium for curricular and extra-curricular activities. 12. To organize national and international seminars and workshops on relevant topics. 13. To register the Alumni Association as a registered society. 14. To strengthen industry linkages. 15. To continue the various outreach programs in the villages as part of the social responsibilities of the college.
