A webinar on Intellectual Property Right was organized by Department of Botany on January 27, 2023. The main purpose for the event was to make aware the participants of their rights related to the Innovation.

Mr. Rajasekhar M. was the resource person for the day. He is currently an Advocate of Madras High Court. He started from the being by defining patent "A Patent is a statutory right for an invention granted for a limited period of time to the patentee by the Government". If anyone has innovated a new thing, they should must get it patent before someone else, does it. An invention is patentable subject matter if it meets the criteria that- It should be novel, It should have inventive step or it must be non-obvious, It should be capable of Industrial application and It should not attract the provisions of section 3 and 4 of the Patents Act 1970. He also informed that Indian Patent is not applicable throughout the globe and the time period for patent is 20 years. Once the patent application is filled the documents are kept secretly for about 18 months and when approved it open for the public use to see the documents. Mr. Rajasekhar also talked about some of the rights which has to be used by the innovator. The vote of thanks was proposed by Asst. Prof Shalini Bara.

2. **Organizing Department / Cell :** Department of Mathematics
3. **Date/Duration :** December 12, 2023
4. **Number of Participants:** 28
5. **Detail description of the event:**

Seminar on IPR was organized by Department of mathematics on December 12, 2022 at F6. The purpose of the program was to help students understand the different aspects of IPR. Intellectual property rights (IPR) refers to the legal rights given to the inventor or creator to protect his invention or creation for a certain period of time. These legal rights confer an exclusive right to the creator or his assignee to fully utilize his creation for a given period of time.

The program began with the welcome speech given by the Asst. Prof. Anjna Ekka. The speaker of the program Asst. Prof. Aaliya Nadim explained about IPR, its various types and property rights to curb illegal activities. She also explained why it is important in today's life and in science and technology & how small and micro entities pursue patents.

Students enjoyed the informative session and learned from it. The program was concluded by the vote of thanks given by Asst. Prof. Neha Minj.

5. **Detail description of the event:**

The Department of English conducted a program on 'Intellectual Property Rights' at G-3 in SXCM on August 22, 2022. The main aim was to spread awareness about the importance of IPR among students of the department. All professors and students of English Department participated in the program.

The program began with the welcome address by Asst. Prof. Sr. Chandrodaya. This was followed by the talk on IPR by Asst. Prof. Rashmi Suman Toppo. Ma'am said that IPR should be protected as it protects creations of the human intellect, which is very beneficial to society. Ma'am explained the various terms related to IPR such as copyrights, patents, trademarks, geographical indication, etc. Ma'am elaborated that the publications and research work should be protected as protection of Intellectual property will be an encouragement to budding scientists, research scholars, entrepreneurs, etc. to come up with more innovations and inventions.

The program came to an end with the interactive session between professors and students. Students asked many questions and professors clarified their doubts. They were very excited. Overall, it was an enlightening session.

5. **Detail description of the event:**

On May 19, 2022 Departments of History along with Departments of Geography organized a seminar on IPR. The program started with a welcome speech by Asst. Professor Subodh Minj. Then the chief speaker of the day Asst. Professor Saheb took the stage to speak about IPR. With the help of a projector, the speaker started his speech and imparted good informative knowledge about the IPR, when and why state governments and world organizations are required to protect IPR. To protect the intellectual property rights of the people, the government has passed a law that individuals or groups can patent their product. Then Asst. Professor Subodh Minj continued the speech and explained the need to patent one's creative products. Which and what types of products or creativity can be patented is explained systematically. Thus awareness similar about IPR was successful and ended with thanks giving by Asst. Professor Shephali Shrivastava.

5. **Detail description of the event:**

On March 10, 2022, a short program on IPR was organized by the Department of English for students and professors. The short program began with the welcome speech by Asst. Prof. Sr. Chandrodaya, Asst. Prof. Rashmi Suman Toppo gave a brief introduction to IPR and explained the various terms related to IPR such as copyrights, patents, trademarks, geographical indication, etc. It created a great impact on the entire audience. Students were taught how IPR restricts copying others' ideas and how this will help the development of new ideas for the betterment of society. Students learnt how IPR provides total control over an innovation and its creator. They were also given a platform to discuss how small innovations influence societies at large and how they should indulge in innovating and patenting ideas that will be useful for all the classes of individuals in society. Overall, it was an illuminating session and the students learned many new things about IPR.

5. **Detail description of the event:**

World Intellectual Property Day was observed by the Geography department on May 07, 2021. The celebration highlighted the central role of the World Intellectual Property Organization (WIPO). The national and regional IP offices around the world in creating favorable conditions for stimulating innovation and creativity. The particular chosen topic for this meet was on literary or artistic fields under Copyright and rights related to copyright in broad part. IP day talk was delivered by Dr. Sanjay Bara, Vice Principal, St. Xavier's College, Mahuadanr. Keeping track of the theme of this year, he started his presentation with an overview of giving the rights given to persons over the creations of their minds and particularly related to historical perspective. He explained about IPR as a significant tool in today's era as a risk of an innovation getting infringed without the knowledge of the inventor. Various companies rely on protection of their patents, trademarks and copyrights, while customers make use of IP to ensure they purchase secure, assured goods. After the talk with resource person and other faculty members, other events also took place like speech and slogan writing competition relevant to Intellectual Property Rights which witnessed encouraging participation. The program came to an end with the presentation to the winners of the competition and large participation.

On April 28, 2021, the Department of Chemistry conducted a departmental activity with the help of Google meet. The theme of the activity was “**Intellectual Property Rights**”. All the students participated in it and said that it was something new and helpful for them. Intellectual property rights are legally documented and the rights are classified as **Patent, Trademark, Trade-secret and copyright**. These rights give protection to anyone's documents, artwork and technological invention. Hence the students were interested in it and took active part in the discussion. The purpose of choosing this topic was to instill interest in the students to become creative and innovative in various fields. Such an interest has the added advantage of being income producing venture. In addition, on the social side, every invention and technological improvement is a benefit for society contributing to the progress of the world at large.

A workshop on “Contemporary Physics & the Role of Intellectual Property Rights was held in the Conference Hall by Dept of Physics on February 07, 2020. The workshop discussed the issues of possibilities of IP creation in areas like physics. The Principal sincerely emphasized on the need of intellectual property knowledge in any academics for promotion and dissemination of the IPs created by the faculty. He opined that without adequate knowledge of patent literature many of the prolific inventions fail to get patent protection. Same in the case of other human creations that take place constantly in academic atmosphere. The participants were Faculty and Technical staff of St. Xavier's College, Mahuadanr.

4. **Number of Participants:** 56

5. Detail description of the event:

One Day workshop on “The Art of Searching: Non-Patent Literature” was organized by Department of History on July 26, 2019. The resource person of the event was Mr. Deenmani Panday. He broadly addressed the issue of conducting targeted search of databases for contextual information with special emphasis on approaches, strategies and methods. Stressing on effective ways to mine required information early in research, he reiterated the need of mastering the ‘Art of Searching’ by the young researchers, taking examples from some of the subscribed and free non-patent databases available in the Library. With some practical examples he demonstrated how varying sets of information can be retrieved with different usage of punctuations along with the key words. Last part of the discussion was focused on understanding the basis behind various Research Productivity Indicators provided by different citation databases like Web of Science, Scopus etc. He appraised the gathered audience about the actual mechanism with which such indices come up with the analysis and evaluation. He also discussed the importance of such indicators and how these tend to affect. Asst. Prof. Zafer discussed on the importance of choosing the right database for a specific search for obtaining optimum output. He highlighted the potential of the huge information contained in the sources and described how a proper search in the appropriate database can either fish out seemingly inaccessible information or help in identification of the library in the world that contains it.

5. **Detail description of the event:**

Department of Mathematics has conducted a workshop on Intellectual property rights on November 13, 2018 at C. H. The workshop was about "IPR – Patenting & it's relevance to startup". 22 students have actively participated in this workshop.

The program was started by the introduction of intellectual properties, IPR laws and their clauses. Asst. Prof. Rahul Kumar was the resource person for this program. In this session, the students were taught about the Intellectual Property Rights & their principles. Also the students were given enough information about how to use this knowledge to proceed forward in a startup company. Also they have been taught how to use intellectual property laws in case of injustice and the legal options available in Indian judicial system. Also, complete information on intellectual properties like patent, copyright, trademark, design, trade secret etc was given.

This session was very beneficial for the students where students were given an idea to come up with an innovation, solution & presentation for the given problem statements.

The program ended by the vote of thanks given by Noopur Roy.

A Intellectual Property Rights seminar on the theme “Leadership in digital world” was held in the College on November 05, 2018 by the department of Geography. The resource person of the program was Dr. Habib Ali Mirdda. The first session of the Program dealt with discussions on the dearth of knowledge in the boardroom for anything to do with information technology. It is good to spent little time on the subject of digital transformation and the implications. These discussions were aided by video and PowerPoint presentations. Asst. Prof. Archana Jha thanked the participants and the resource person.

On August 08, 2018 Intellectual Property Rights seminar was organized by the department of Political Science in the college on the topic of “Success without stress”. Dr. Anil Kumar Tete was the Resource person. He placed greater emphasis on the phenomenon of pain and suffering no longer has the impact that once ruled our days. Life has become a school of Higher Learning. Success without Stress is a miraculous principle. Our task is to work where the problem is, within ourselves, second by second to see and be willing to let go of our own negativity. Life is fun and inspiring when you spend your day tossing out painful thoughts and emotions that drain energy. He encouraged embarking on this exciting inner journey.

1. **Title of the Program :** Intellectual Property Rights
2. **Organizing Department / Cell :** Department of Hindi
3. **Date/Duration :** August 08, 2018
4. **Number of Participants:** 40
5. **Detail description of the event:**

The Department of Hindi organized a seminar on 'Intellectual Property Rights' at G-8 in Saint Xavier's College Mahuadanr on 08.08.2018. The focus of this seminar was spreading awareness among students of the department about the importance of Intellectual Property Rights (IPR). All the professors and students of Hindi Department participated in this seminar.

The seminar started with the welcome address by Asst. Prof. Reema Renu Kandulna. She gave a small introduction of IPR by sharing that Intellectual property right (IPR) is the rights granted to the creators of intellectual property and include trademarks, copyrights, patent, industrial design rights and some jurisdictions and trade secrets. She also explained that rather than protecting possessions, intellectual property law protects exclusive rights to use or reproduce the intellectual property (IP).

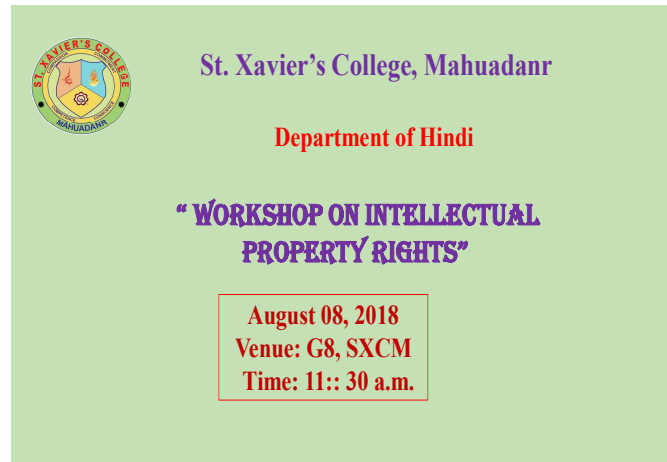

This was followed by the talk on IPR by HoD Asst. Prof. Vibha Alpna Kujur. She elaborated the different concepts of IPR. She stated that the Intellectual Property Rights (IPRs) are the rights associated with intangible property owned by a person/company and protected against use without consent. Thus, rights relating to ownership of intellectual property are called Intellectual Property Rights. These rights aim to protect intellectual property (creations of human intellect) by allowing the creators of trademarks, patents, or copyrighted works to benefit from their creations. She also gave details about the benefits of IPR, like enhancement of market value, turning ideas and thoughts into profit-making assets, marketing products and services, raising capital through sale of IPR, enhancement in export opportunities etc.

The seminar on IPR created great awareness among students and faculty of the Hindi Department, SXCM about the important concepts related to IPR. The program included discussions on the importance of IPR and their protection, an overview on copyright
