# ACKNOWLEDGEMENT

I would like to express my special thanks of gratitude to my teacher **Asst. Prof. Anjna Ekka** as well as our **Principal Dr. Fr. M. K. Jose** who gave me the golden opportunity to do this field project on the topic “**Illustrate Real-Life applications of Mathematics**”, which also helped me to develop my skills and knowledge.

I am also grateful to my classmates and friends for their help in finding sources and gathering data and to complete this project within the limited time frame.

Last but not the least; I want to thank all my supporters who have motivated me to fulfill the project before the timeline.

# CONCLUSION

The tour was very informative and instead interesting. It was a good experience to learn the applications of Mathematics in real world in various fields. Field trips are a way of enhancing classroom learning by making real world connections. This trip gave an idea to understand Mathematics beside books.
